RECRUIT LABOR RESERVES IN AZERBAIDZHAN SSR -- Bakinskiy Rabochiy, 11 Sep 49

There is scarcely an enterprise in the country in which persons trained in factory (FZO), trade, or railroad schools cannot be found. At present, 9 years after the organization of the State Labor Reserves, this group numbers several million persons. From their number have come tens of thousands of workers in the petroleum industry. Persons with this training are usually the best workers in their factories. The students study their chosen professions in well-equipped schools, shops and laboratories. The state provides board, room, and clothing. This, in combination with other advantages, has made the schools very popular.

Most of the recruits from Azerbaydzhan, who are to total over 1,000 persons during September, are to come from Baku. Quotas have already been filled in Sal'yanskiy, Lenkoranskiy, and Zakatal'skiy rayons. Quotas are nearing fulfillment in Lenin and Ordzhonikidze rayons of Baku, where propaganda and agitation work has been good. However, as in past years, lack of initiative on the part of Young Communist League rayon committees and trade unions in Gorodskoy, Dzerzhinskiy, Shaumyan, Arizbekov, Voroshilov, and other rayons of Baku has resulted in poor showings there. In the first 10 days of September not one person has been taken in Shaumyan Rayon, only two have been taken in Kishlinskiy, 17 in Gorodskoy, and 18 in Dzerzhinskiy (where the plan calls for 200). Azerbaydzhan labor reserve schools will open 1 October. Young people, join the labor reserves.
